

Invest in your nation's future...make a difference in your community...gain from the experience.

NCUA's most important asset is our staff - and a diverse staff enriches the working environment for all staff. We are committed to creating an inclusive organizational culture where all employees are able to contribute to their fullest potential. We are a competitive federal agency that is consistently ranked one of the "Best Places to Work in Federal Government" by the Partnership for Public Service.

The National Credit Union Administration charters and supervises federal credit unions and insures savings in federal and most state-chartered credit unions across the country through the National Credit Union Share Insurance Fund (NCUSIF), a federal fund backed by the full faith and credit of the United States government. Our mission is to provide, through regulation and supervision, a safe and sound credit union system which promotes confidence in the national system of cooperative credit. To achieve this, the agency has adopted the core values of integrity, accountability, teamwork, objectivity, and independence.
